Little foxes and Their Mother

A family of foxes lives in the forest. They are four: Mother Fox, two daughters and one son. Mother Fox is very pretty, she is clever, big and red. She loves her little children and wants them to be clever, tidy and strong.

It is seven o'clock in the morning. It's time to go get up. Mother Fox says to her children: «Get up! Get up, children! It's time to go to school» The little foxes don't like to get up early, they like to sleep, but they get up and say «Good morning, Mummy!»

«Don't forget to do your morning exercises!» says Mother to her three little foxes. And the children do their morning exercises. Then they wash their faces and paws. Mother Fox makes breakfast for her little children. They eat fish or meat and drink some water.
